

# What would you like to see grown at the farm?

You may have noticed that within the last few months, the land between the Oakside Elementary School and the playground has begun its transformation into a food garden.

Our mission is to ensure more Peekskill residents have access to healthy food, is welcome to enjoy the garden, and creates a space for community education and events.

What fruits or vegetables would you like to be grown? Want to help garden or share your creativity or wisdom with the community in this space? Please take the survey or reach out to us.

Ems and Maeve, Community Farm Stewards

You can also reach us at: [peekskillregenerationfarm@gmail.com](mailto:peekskillregenerationfarm@gmail.com) or on instagram @peekskillregenerationfarm

To find the survey, check out this posting on Bohlmann Tower's social media page.
